Quote from John Adams

"I always consider the settlement of America with reverence and wonder, as the opening of a grand scene and design in providence, for the illumination of the ignorant and the emancipation of the slavish part of mankind all over the earth."

Joe Doyle as John Adams

Joe Doyle has been portraying our first vice president and second president since appearing as Adams in a June 2000 production of 1776. Due to intense character and period research, he can speak extemporaneously as Adams on virtually any subject. He has appeared as Adams for official ceremonies for the National Archives, White House Visitors' Center and the Library of Congress, to name a few. Joe enjoys portraying Adams to remind people of the president's pivotal role in our nation's history.
