

This is our Legacy.

This is Mount Rushmore.

While the message of Mount Rushmore never changes, times and technology certainly do. There are currently two movies shown at Mount Rushmore. Both the films and the technology used to project them are very out of date, and neither movie are reflective of a post-9-11 era.

The Mount Rushmore Society seeks to address this need by securing the funding necessary for the production and equipment for two new films with the **Monumental Movie Campaign**. The total project implementation from concept to completion, including new projection equipment, will be approximately \$2 million.

Updating these films and equipment is long overdue. Please join us in ensuring that the message of Mount Rushmore continues to inspire and bring visitors face-to-face with the rich heritage we all share, by making a meaningful contribution, today!

The Mount Rushmore Society has been supporting Mount Rushmore National Memorial since 1930. As official fundraising partner for the National Park Service, the Society provides funds to support park projects that are over and above its baseline operations, including sculpture preservation, seasonal Rangers, the Junior Ranger program, Youth Exploration Area programs and the annual Naturalization Ceremony.

Preserve. Promote. Educate. Protect.
